

Press Release

11th June 2018

Osmosis Investment Management is pleased to announce the hiring of Nevelon Cheand as its new Head of Trading Operations.

Nevelon Cheand has over fifteen years' operational experience in fund management. Prior to joining Osmosis he worked for Harmonic Capital Partners, a global systematic hedge fund, as the Head of Operations. As part of his role he was responsible for building an institutional style operational infrastructure that was both automated and scalable. Nevelon holds a BSc in Mathematics from the University of Leeds. He has also achieved the CIMA Certificate in Business Accounting (Cert BA) and Investment Management Certificate (CFA UK).

About Osmosis

Osmosis launched in 2009 and is an award-winning sustainable investment manager headquartered in London.

Government Pension Funds, State Pension Funds, Insurance Companies, Foundations, Endowments, Family Offices and Banks, are amongst our client roster spanning North America, Continental Europe, Nordics and the UK.

The Osmosis Model of Resource Efficiency (MoRE) is a proprietary investment database developed and maintained by the team at Osmosis. The MoRE model allows us to create an objective, sustainable, alpha generating investment factor, through the identification across thirty-three economic sectors of global large cap companies which are generating more revenue whilst consuming less resource than their sector peers. Our systematic investment strategies and funds target an improved risk-return profile whilst, importantly, delivering significantly reduced environmental footprints to their relative benchmarks.

This is issued by Osmosis Investment Management LLP, a London based investment manager regulated in the UK by the FCA.
